## JOINING SLOW FOOD SHOALHAVEN

Thank you for your interest. Your support will help to build projects that defend food diversity and foster greater food choice. Almost 50 per cent of membership revenue supports Slow Food's international projects and programmes and 20 per cent supports the work of our convivium. The balance is used by Slow Food Australia to fund the development of national projects and events.

You can join as an individual or as joint members, and there's a special rate for people under 30 or over 65. You can also take advantage of the Sustainer membership, where your extra contribution goes directly to education and food defence projects across the world.
